

COUNTY'S SHARE OF FAST SOO TRAIN  
THE STATE TAX KILLS FOUR MENAmount To Be Paid This Year  
\$4,724.34 Less Than The  
Figures Of 1914Accident Happens On Crossing  
Near Unity On Sunday  
Afternoon

Secretary of State Donald has made the levy of taxes against the counties as required by law. The total levy is \$5,535,194.10, made up of the following:

General Purposes	\$1,430,736.00
Charitable and penal	460,226.45
Special charges	631,417.23
Miscellaneous	9,814.42

Total \$5,535,194.10  
The levy of 1914, a year ago, for the same general purposes was:

Assessments of 1914	\$5,272,363.00
Charitable and penal	451,680.31
Special charges	586,746.16
Miscellaneous	19,867.51

Total \$6,333,657.01  
The reduction as compared with last year is \$708,462.91.

Properly speaking, says the Madison Democrat, the only item in the levy that may be called a state tax, that is, a tax for the maintenance of government, is that of \$1000 for general purposes, levied by act of the legislature to meet a constitutional requirement. The other charges are for educational purposes, for the care of unfortunate in the institutions, for the payment of moneys loaned by the state to municipalities and against a few counties a "miscellaneous" charge for moneys due them on account of service rendered and for which payment has not been made.

The tax levied on Oneida county is \$28,036.84 as against \$32,761.18 a year ago. The levy is made up of the following items:

Interest on certificate of indebtedness	\$ 654.03
Free high schools	726.43
Graded schools	830.21
State university	5,136.40
Normal schools	2,822.83
Common schools	8,757.91
General purposes	415

Total	\$18,392.20
Care of chronic insane	3,489.82
Northern Hospital	743.12
Home for feeble minded	1,120.48
Industrial school	267.41
Tuberculosis sanatorium	347.57

Total \$4,961.40  
In addition to the above \$4,516.13 in principal and interest is to be collected from the various school districts of the county, and \$164.11 from the town of Little Rice for the auditing of the treasurer's accounts. The above items make up the grand total of \$28,036.84.

ICE HOUSE GOES  
DOWN IN WIND

Shortly after midnight Saturday the large ice house owned by P. O. Means on Phillip street, collapsed and went down with a crash. The building which was empty was undergoing repairs, which included the raising of the roof eight feet. This part of the work had been accomplished and the sides had partly been boarded up, but the building was not sufficiently braced to withstand the strong wind Saturday night. The building was badly wrecked and much of the lumber in it was entirely ruined. It will now be necessary to tear down the entire building and rebuild from the ground up. This will be done at once and a large ice house completed in time for housing the winter's harvest of ice. The west side ice houses have been taken down and all ice will be stored on Phillip street this side of the river by Mr. Means.

FOR CLOSING  
SALOONS SUNDAY

A committee of the W. C. T. U. presented the mayor with the petitions on Sunday closing of saloons on Tuesday evening. There were between 500 and 600 names at the time. A few petitions were still out and many men who no doubt would have gladly added their names had not been interviewed. It seemed impossible for the women with their various other duties to make a complete canvass and after all should the exertion be necessary. The mayor has not yet given his answer as to the enforcement of the ordinance requiring saloons to remove all screens and close their places on Sunday. As soon as he has time to examine the signatures his decision will be given and published.

MUST WE WAIT  
MUCH LONGER

Notice has been given that work on Antigo's \$70,000 government building will be commenced next spring. The acquisition of the site was authorized by the public buildings bill of June 25, 1910, and acquired by the government August 15, 1911, at a cost of \$8,250. The site bought consists of the lots at the intersection of South Clermont street and Sixth Avenue, opposite the Baptist church and St. Ambrose church. The bids for the site of the government building here have been in to Washington for nearly two years and not a word received yet. The Antigo building was allowed in the same budget as Rhinelander. Why the long delay?

## MUNICIPAL COURT

John Antonink on Thursday, Oct. 28, admitted having carried concealed weapons and paid a fine and costs amounting to \$25.00.

Fred Belinke, who hails from the town of Cassian, for having muskrat and mink skins in his possession during the closed season, on Saturday was fined \$25.00 by Judge Smith. The fine was paid.

Otto Anderson arrested for having in his possession the carcass of a deer during the closed season admitted his guilt and not having the necessary \$25.00 to square himself with the court is serving a sentence of thirty days in the county jail.

A warrant was issued on complaint of Martha Berg, conservation warden, for the arrest of W. P. Jewell of the town of Crescent, for having deer meat and hides in his possession during the closed season. This case has not been disposed of as we go to press.

Nels Ernsen for being drunk and disorderly on the streets of the city paid \$10.00 fine and costs.

## CANCELS GAME

Minocqua having cancelled the game scheduled here for next Saturday, a contest has been arranged for that date with Medford. This will be our first game with Medford; she is reported to have a very strong team this year and a fast contest may be looked for. Medford is near enough to be reached conveniently by the locals, and it is probable that permanent athletic relations will be established. Game will be called at 3 p. m. Admission 25 and 15 cents. Free auto transportation from the National Bank corner between 2:15 and 3 p. m.

On Saturday, Nov. 13, Rhinelander plays a return game with Ironwood up in the Michigan city. The game here was hotly contested and the boys hope to repeat their victory over the miners.

Last Saturday Rhinelander played the Minocqua team at Minocqua and were defeated by the Minocqua boys by a score of 6 to 13.

ELKS' MINSTRELS PROVE  
TO BE GRAND SUCCESSPronounced By Everyone the Best  
Home Talent Entertainment  
Ever Given In City

The Elks' Minstrel show Thursday and Friday nights was by far the best thing handed by them to the public. There was one continual roar of applause from the first, till the curtain dropped at the last act. Not a word of dissatisfaction was heard from the throng that filled the opera house for two evenings.

When the curtain arose, the performers were seated in an effective way for the temple of mirth and song.

Dr. I. E. Schiek, as Interlocutor, made an imposing figure in the center of the semi-circle, composed of balladists and black faces. On raised seats at the back of the stage, sat the chorus. Between were orchestra and Chas. A. Gaa, director.

The suits of green and of red added to the general effect of the scene. It is seldom that such an array of many beauty is on exhibition and the ease with which each performed his particular stunt, showed not only what a first class director can do, but also what local talent can be made to do.

The jokes were original and pat—and the slaps given were taken kindly by those who received them as there was no partiality shown.

The ten soloists, all deserve praise. They consisted of Joe Henry, Dr. I. E. Schiek, Charlie Belliel, Will Sherman, Geo. Stumpf, Paul Gaston, Oscar Nelson, Forest Himes, Al. Lytle, Beaver Crosby and Geo. Gibson.

Each received an encore and in some cases, performers were recalled several times. Henry, Belliel, Gaston, Himes and Crosby were particularly clever in their antics and fancy dancing and it was difficult to consider them as amateurs.

J. C. Frusher was a decided success in his Scandinavian Imitations and the laughter and applause of the audience showed how well he was received.

W. C. T. U. SPEAKER  
VISITS COUNTYJosie E. Sizer Of Milwaukee  
Holds Several Meetings  
This Week

Mrs. Josie E. Sizer of Milwaukee organizer and lecturer for the Wisconsin Woman's Christian Temperance Union, is spending two weeks in Oneida county and vicinity. On Tuesday afternoon she gave a short talk before the Rhinelander Woman's Club on "The Problem of the Hour". Tuesday evening she addressed an interested audience at Pelican town hall; Wednesday afternoon, she visited the various Ladies' Aid Societies. On Thursday evening she is scheduled to hold a meeting at Starks. Friday evening at Minocqua. Saturday, Sunday and Monday she expects to spend in Tomahawk. Arrangements are being made for her to speak at Robbins Tuesday evening and on next Wednesday, Nov. 10, she will address the monthly meeting of the Rhinelander Woman's Christian Temperance Union.

GIVEN YEAR IN  
WAUPUN PRISON

At Ladysmith this week, Judge Wickham denied the motion for a new trial in the Malecki-Weldon case and sentenced the defendants to one year in prison. This was the punishment for a two days "joy riding" trip of the Rev. Fr. Malecki and R. C. Weldon, a Soo line employee, accompanied by a young girl who had been working in a Ladysmith hotel.

For the giving of liquor to minors they were each fined \$25 and costs, or on failure to pay same to be imprisoned in the county jail not to exceed 30 days. This sentence is to take effect and be executed before the beginning of the term imposed under the other court.

Stay of execution was granted in order to give opportunity to appeal to the supreme court on writ of error.

The dancing and singing of Al. Lytle and Chas. Belliel were received with screams of laughter. They could not be beaten. Phil Fletcher as Hobo Juggler needs no introduction. He is a whole show in himself and the remarks that accompany the juggling are equally amusing. Fletcher has added many new feats to his long list of stunts and is always enjoyed by his audience.

Rhinelanders in the year 2000 A. D. was a screaming success. Gaa as Eve Templeton (Candidate for Mayor; Velson as Honora Riley, Political Boss; Squier as Clarence (The Boss' son) and Hoffman as Reginald Remington, could not have been better. Of course they brought down the house. Of all funny characters, Squier was the limit.

The Plantation Idyl "Way Down South" presented an entire change of scene. The plantation dardies in their blue and white overalls and black faces, in dim light made a pretty picture in their dancing and singing but when Nick as Bride led in little Billy McRae as Groom, the audience gave vent to their appreciation by howls of laughter, causing the wedding party to wait some time so that their replies could be heard. The make-up of Bride, Groom and Parson was fine and the dancing and singing were equally good.

Judging from remarks of the people who attended this Minstrel show, their fifth annual entertainment, was by far the most "successful of all the Elks' successes in other entertainments."

The gentlemen who worked so hard to produce this splendid show, certainly know their business and can be congratulated upon the snappy and realistic way in which the actors took their part, which is one of the main secrets of success in amateur performances.

The net receipts were \$250.

DANCE PETITIONS  
BEFORE THE BOARDQuestion Of Dances At High  
School Gym Is Discussed  
At Meeting

At the monthly school board meeting Monday evening, petitions were filed for and against holding dances in the high school gymnasium. Over four hundred names were filed on petitions asking the board to allow dances to continue under the supervision of the city superintendent and seventy three names were on petition against holding dances. Of the list for dancing, a large number of names should not be considered at all. They are not interested in the school, nor are they interested in the uplift of the pupils.

These petitions brought out hot debates. J. O. W. Danielson of the school board was opposed to using the school building for dances. E. O. Brown, Carl Krueger, and A. S. Pierce were in favor of using the building for dances, carefully censored by the city superintendent and his teachers. Supl. Colburn stated he would like to try out the problem of school dances carefully supervised. He said he agreed with the idea expressed by F. A. Lowell that these dances should be confined mainly to the school.

Aside from the school board Rev. Snartemo gave a well prepared address against dancing. He did not confine himself to dancing in school, but opposed it wholly as an immoral social evil. This prepared address was convincing.

After devoting an hour to this subject, President Krueger appointed a committee of three to investigate the wisdom of dances in the high school and in what form and report at the next school board meeting. The following were appointed to act as committee: E. O. Brown, A. S. Pierce, and J. O. W. Danielson.

## ERECT FLAGPOLES

Flag poles are being erected at the various schools in the city in order to comply with the provisions of the recently passed law authorizing the display of "Old Glory" on each day school is in session. New flags have been secured and the one for the Central school was flung to the breeze for the first time Monday.

PASSENGER DEPOT  
SAFE IS BLOWNRobbers Carry Safe From The  
Building And Get \$16.00  
For Their Trouble

To enter a building during the early hours of the night and crack open a safe is an unusual proceeding for robbers, but to carry the safe from its resting place a distance of 100 yards before doing the job is a still more unusual proceeding among safe blowers. But this was what was done Friday evening last between eight and nine o'clock at the Soo passenger station in this city.

During the absence of the night man from the station, entrance to the office was gained and the safe was lifted through a window and carried down the track a distance of 300 or 400 feet where explosives were used and the contents were obtained, about \$16.00 in small change.

The explosion was heard throughout the city but nothing was thought of it as blasting has been carried on for several weeks on the west side of the river, many of the charges being set off after the supper hour.

The robbers, for it is believed there must have been at least three implicated, left no clue and it is very doubtful if they will ever be apprehended. The time chosen shows that the station had been closely watched as the hour noted is about the only time when no one is about. That they expected to make a much larger haul there can be no doubt, but the only cash ever left at the passenger station is a sack of small change.

UNIQUE WINDOW  
DISPLAY SHOWN

At Markham & Parker's is shown two window display of goods this week, one of which has attracted much attention from people passing the store. In this window is displayed articles as they were in the windows of stores back in the early '90's, before the time that the various articles were put up in neat packages as they now are—puffs in bulle tea, raisins, currants, rice etc., in the same manner, a pail or dish full of each article. Suspended over this display is a kerosene lamp which is kept burning at night, in striking contrast to the present up-to-date electric system of lighting. To add realism to the display is a written announcement stuck into the top of a pail of beans, saying that the "Ladies' sewing circle meets in town hall this week". In the window opposite as nearly as possible the same line of articles as they are now put up are on display.

CITY COUNCIL  
HOLDS MEETING

The regular monthly meeting of the common council was held Tuesday night at the city hall. The session was a short one, the business of the evening being finished at nine o'clock.

A petition for a street light at the junction of Maple and Balsam streets on the west side of the river was granted.

Resolution introduced by Alderman McDermott providing that the city clerk furnish bonds in the amount of \$2000 was passed.

A communication from St. Mary's hospital offering to care for any of the city's cases of contagious diseases in the isolation hospital of the city for \$25.00 per week for first case and \$15.00 for each additional case, was laid over for consideration at some future time.

Authority was given to committee on fire department, including mayor and chief of fire department, to purchase 500 feet of hose.

Alderman Wright of the sixth ward made a motion that all bills of the city be O. K'd by the chairman of the various committees before being allowed.

No report was made at the meeting by the Auditing and Bond Co. but it is expected that this will be given at the next meeting.

## CHARITY BALL

The annual charity ball to be given under the auspices of the Visiting Nurse Association will be given on Thursday evening, Nov. 18, at the Armory. Tickets will be \$2.00 each and will be on sale after tomorrow. Music for the occasion will be furnished by a home orchestra and a concert will be given from 8 to 9 o'clock.

SPLIT IN CHURCH  
IS THREATENEDBishop Weller of Fond du Lac  
With Five Others Hands In  
Resignation

Bishop R. H. Weller of Fond du Lac, has resigned his office in the church, according to a dispatch from New York City, where bishops of the Episcopal church had members of board of foreign missions met in convention last week. Bishop Weller, who resides at Fond du Lac, is well known here where he has frequently visited. The four others who resigned were: Bishop Alfred Harding, of Washington, D. C.; Bishop Williams of Marquette, Mich.; Rev. Dr. William T. Manning, of Trinity Church, New York; and Rev. Seldon P. Delaney, dean of All Saints Cathedral, Milwaukee.

Efforts have been made to prevent widening of the breach in the Protestant Episcopal church that resulted in the resignation of three bishops and two members of the board of missions.

Peaceful overtures were made before the missions body. Several leading church dignitaries are attempting to bring about a compromise and cause the withdrawal of the resignations.

The five churchmen who resigned acted after they had failed to stop the board of missions from voting to send delegates to the Pan-American Congress to be held in Panama in February. Bishop Weller declared such action by the Episcopal church constituted an affront to the Roman Catholic church since the object of the Panama Congress was to devise ways for bringing the people of Central and South America to the Protestant faith.

Four other dignitaries who resigned with Bishop Weller held the same views and added that the Panama Congress not only was hostile to the Roman Catholic church but would delay the arrival of the union of all Christian churches.

What the final outcome will be can not be stated at this time.

"JAY WALKERS"  
CAUSE EXPENSE

Because students of the high school and others living in the court house district persist in "cutting corners" in using the walks on the court house grounds it has been found necessary by the committee on buildings and grounds to have sections of wire fencing erected at all intersecting corners of the walks. While this method of putting a stop to "jay walking" is not objectionable in appearance it is to be regretted that the county should be put to an unnecessary expense.

## INDOOR BASE BALL

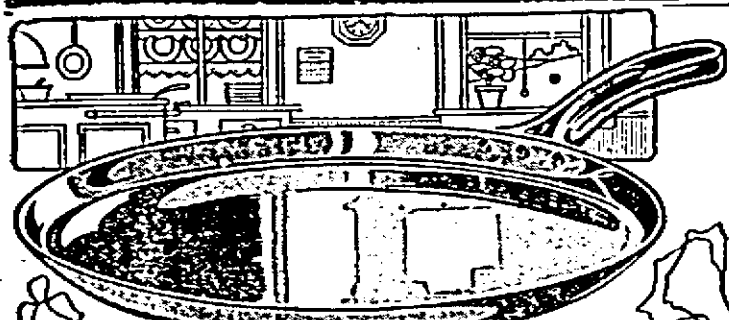

City indoor base ball league starts next Monday night at the High school gym. Chas. Belliel and Geo. Roller will officiate during the series. The teams have been practicing strenuously during the week and will start the series in the pink of condition. Many of the well-known followers of the out door game will be seen on one or the other of the teams. The schedule for next week is as follows:

Monday night: Post's and Liebenstein's teams. Tuesday night: Belliel's and Black's teams. No admission will be charged.

## PLANS OF V. N. A.

The Visiting Nurse Association is extending its work somewhat. Arrangements are being made to allow the visiting nurse to go into homes of people able to pay something for her services. A rate by the hour or visit will be fixed and people will pay that or as much of it as they feel able to pay. The money thus received by the Association will be used in the relief of the very needy. This arrangement is in force in most large cities and is found very satisfactory.

Two sewing classes have been started by the V. N. A., one for school girls meeting on Saturday afternoons from 2 to 3, and one for working girls on Tuesday evenings from 8 to 9. For this Mr. Jewell has kindly donated the use of a machine and the town ladies are being asked to aid Miss Hanson in the instructions.

## EVENTS OF WEEK IN NEARBY TOWNS

### Ironwood—

Another new mine is to be opened up near Wakefield in the near future, and evidences are that by next spring it will take a place among the big shippers of the range. Coates & Tweed, lessees of the eighty acres lying west of the Wakefield mine and known as the Ilanosek property, have decided to open up this new mine at once and active arrangements are now going on with this end in view. Extensive diamond drilling has been done on this property during the past two years and a large body of high grade ore has been proven up lying comparatively near the surface, as in the case in the Wakefield mine. The property is to be worked as an open pit proposition and the work of stripping is to be begun at once.

### Antigo—

That the Wisconsin & Northern railroad company is seriously considering the plan of erecting its terminal buildings in Menasha is unofficially reported at the present time. It is reported that the company has already set aside a large amount of money for the purpose of purchasing the necessary property and that officials of the company have already inspected several proposed sites.

**Washburn—**  
Floyd Johnson of Superior, who for a time was employed at the plant of the Dupont Powder company in this city, boarding at the Pennlynn hotel, is fighting against death in a hospital at Devil's Lake, N. D. He was picked up unconscious with a wound in his head and it is thought he was the victim of thugs. His money was missing when he was picked up.

**Crandon—**  
That there will be much logging done the coming winter in the vicinity of Crandon is apparent at this time. Besides a large crew of their own in the woods under foreman

## STATE CONVENTION OF SPUD GROWERS

Four of the most widely known potato experts in the country will judge the exhibits at the 1915 show and convention of the Wisconsin Potato Growers' Association, which will be held at Marinette, Nov. 17-19.

The judges have been announced as: E. C. Brown, Elk River, Minn., a potato grower, judge and lecturer; C. W. Wood, East Lansing, Mich., Secretary of the Michigan Potato Growers' Association; C. L. Fitch of Iowa, G. C. Brigham, Commissioner of agriculture of the state of Vermont. Vermont has very extensive potato growing interests.

All of the potato raising counties, that is, counties where potato growing is one of the principal farm industries, which have county agents, are carrying on their work actively through such agents. Most of them will have county exhibits at the state show, and all of them will be represented by individual growers' exhibits.

County agents who are assisting in making arrangements for the coming show include: W. D. Juday, Rhinelander; F. Swoboda, Antigo; John Swenbart, Eagle River; A. H. Cole, Merrill; Griffith Richards, Phillips; H. H. Humphrey, Wausau; G. R. Ingalls, Eau Claire; R. L. Cuff, Barron; J. Walz Superior; R. Molk, Medford; F. Kern, Bayfield.

Other prominent men who are assisting in plans for the exhibits in various parts of the state are: D. C. Hayward, Weyauwega; William H. Linder, Oconto; James Parkinson and Fairbrother and Klausner, Stiles; Jane Uthman, Hayward; Secretary Jenko of Washburn County Potato Growers' Association, Trego; George T. Vorland, Colfax; F. S. Darham, Wautoma; O. A. Crowell, Almond; James Gunderson, Wautoma; C. P. Coon, Bruce; W. A. Von Berg, Mosinee.

Among the counties which will either have county exhibits at the show, or exhibits by individual growers, are: Adams, Ashland, Barron, Bayfield, Burnett, Chippewa, Clark, Columbia, Douglas, Eau Claire, Forest, Iron, Langlade, Lincoln, Marathon, Marinette, Marquette, Oconto, Oneida, Polk, Portage, Price, Rusk, Sauk, Taylor, Washburn, Waupaca and Waushara.

A total of 170 growers have made application for certification of seed during the present year. Of these, ninety are members of the state association, and eighty are growers now in the association.

### RHINELANDER WOMAN'S CHRISTIAN TEMPERANCE UNION

Press Committee: Mrs. Howe, Mrs. E. K. Rick, Mrs. Emma Wilde, Mrs. C. P. Crosby.

**National Prohibition**  
This article was written by one of the Worthy Sisters of Rainbow Grange and read before that body. Also read before Rhinelander Grange.

I am aware that there is a prejudice against any one that condemns the liquor habit. Especially is it so with those engaged in the liquor traffic.

But, should temperance people care for the disagreeable and scornful words of those selfish beings who take the bread from women and helpless children. Think of the hundreds of ragged, half starved little beings traveling down poverty's lane, that a few may live in ease and comfort. Every year hundreds of men and women become crazed by drink.

In wet states as high as 14 per cent of the inmates of the insane asylums are patients who become crazed by the use of alcoholic beverages.

To the thoughtful person this is appalling. Friends of temperance shall we stand with folded arms and let the liquor habit carry our boys into dishonor and crime, our girls in the paths of recklessness and infamy? In a half hearted way, we have been for years trying to stop the wave of intemperance, but the time has come when temperance men and women MUST act, and act in a way that will tell for good through all our land.

The only way to stop the business that is a curse to so many homes is by National prohibition. For from the time it issues from the distillery until it empties into the hell of death, dishonor and crime, it demoralizes every body that touches it.

It seems to me that no one can contemplate the subject without becoming prejudiced against the liquor traffic. All we have to do is to think of the wrecks; of the suicides; of the insanity; of the poverty, the ignorance and the destitution, all labeled Whiskey and Company.

Think of the weeping and despairing wives. Mark their dimmed eyes; their furrowed brows; the gray that streaks their once dark locks, and across from John Gudegast fronting the ruin back to ruin that has on Dam lake and extending through Clear lake and they will fence want and strife—that low thing, the drunkard's wife.

Then again, see that talented man of genius, struggling with imaginary serpents, produced by that degrading habit. Intemperance cuts down

## MRS. MELTON'S LETTER

To Tired Worn-out Mothers

Jackson, Miss.—"I shall feel repaid for writing this letter if I can help any tired, worn-out mother or housekeeper to find health and strength as I have. "I have a family of five, sew, cook and do my housework and I became very much run-down in health. A friend asked me to try Vinol. I did so and now I am well and strong and my old time energy has been restored. Vinol has no superior as a tonic for worn-out, run-down, tired mothers or housekeepers."

—Mrs. J. N. MELTON, Jackson, Miss.

youth in its vigor; manhood in its strength, and age in its weakness. It produces sickness, not health; death, not life.

It makes wives widows; children orphans, fathers, friends; and all of them paupers and beggars. It covers the land with idleness, misery and crime.

It fills our jails, supplies our almshouses and demands our asylums. It does all this and more—it murders the soul. Then, when we have seen all this can we help hating the bowl?

Hate is a feeble word, I loathe, abhor, my very soul. By strong disgust is stirred. When I see, or hear, or tell Of that dark beverage of Hell.

### HINTS FOR AUTO DRIVERS

The Jefferson County Union says that motorists traveling at night can avoid the bright glare of the headlights of approaching autos by the simple process of tipping the windshield backward at an angle of about 45 degrees. This causes the intense glare of the oncoming head light to be thrown upward and still allows the driver to see his own side of the road. The suggestion is worth trying, and a little experimenting will show that the trick really works if the windshield has dust enough on it to reflect or absorb the light. If perfectly clean it will avail little as "interference."

### SUFFERER FROM INDIGESTION RELIEVED

## THE CITY IN BRIEF

C. A. Dern, foreman in the mechanical department of the New North office, has been numbered with the sick this week.

H. C. Rode was in from his farm near Roosevelt Monday. Mr. Rode is about to dispose of his farm and retire from active business life.

Work on the Hilgerman block which has made good progress the past two weeks is temporarily suspended for a few days awaiting the arrival of steel "I" beams.

A new set of shock absorbers for automobile, for sale cheap. Inquire at this office.

**WANTED:**—An industrious man who can earn \$100 per month and expenses retelling our products to farmers. Must have some means for starting expenses and furnish contract signed by 2 responsible men. Address W. T. Rawleigh Company, Freeport, Ill., giving age, occupation and references.

If you should visit the state prison at Waupun and have to contribute twenty-five cents for admission, you will be pleased to know that the money goes to make up a fund to purchase books for the prison library. As many as 250 visitors have gone through the prison in a single day this summer. Of course this was on the regular visiting day which is usually Wednesday of each week.

Peter Laporte, missionary of the American Sunday School Union returned home Friday for a few days from Langlade county where he has been visiting and exploring in the neglected communities of the county. During the ten days in that county, he has traveled 216 miles, visited 49 homes, conducted 10 services, organized two Sunday Schools and found a big field for good work. In one of the Sunday Schools there was a young man of 23 years of age who had never gone to a religious service. As soon as time will permit he expects to revisit these Sunday Schools and homes and explore in other new communities.

## BUCKS NEED NOT HAVE HORNS

The Duluth News Tribune quotes the county clerk of Douglas county as saying that only deer with horns may be lawfully taken in Wisconsin this year. This is a mistake. The law permits the taking of one male deer. In other words if a hunter takes a chance and shoots at a fawn and finds that his quarry is a male he has violated no law, but if it turns out to be a female he has violated the law. Of course it is impossible to distinguish the male from the female fawn even a few feet away, and the only safe thing to do is to not shoot at a deer having no horns. The "one-buck" law is very unpopular with local sportsmen, and many of them would prefer a law prohibiting the killing of deer altogether for a few years than the present law.

## PRAISE FOR OUR POTATO EXHIBITS

Oneida county had a very fine potato show at Rhineland this week according to County Representative F. G. Swoboda who with Henry and Walter Head, Anton Follstad, and Charles Beard, made a trip there in the Swaboda car earlier in the week. There were twenty-eight exhibits, eight of them of the Green Mountain variety, four Rural New Yorker, nine Triumph, five Early Ohio, and the rest scattering exhibits of Burbank, Cobbler, Early Rose, and others. Fourteen exhibits by school children were also displayed. The showing of Green Mountain stock was especially strong, as good as that at the state show last year. The lighter soils of Oneida county are especially well suited to the growing of this variety. Rasmus Johnson who until two years ago was a resident of Langlade county won first on Green Mountains, F. S. Campbell of Three Lakes was awarded first place on Rurals, first on Cobblers, second on Triumphs and 4th on Green Mountains. The Langlade county men made the trip by way of Enterprise Lake. Roads to the county line were good but beyond that point were hardly passable. —Antigo Journal.

## DEATH CALLS AGED RESIDENT

Mrs. Elizabeth Starks, widow of the late Timothy Starks, passed from this life Thursday evening last at her home on Anderson street, aged seventy-nine years. Deceased had been a resident of the city for upwards of twenty years, moving to Rhineland from Waupaca during the 90's. She was the mother of Mrs. Charlotte Weston who has tenderly cared for her and looked after her comfort during the declining years, since the death of her husband a few years ago. Two other daughters also survive.

The funeral services were conducted from the home on Saturday afternoon at two o'clock, Rev. Father Campbell Gray of the Episcopal church conducting same.

Preparatory for the winter's run the Stevens saw mill is undergoing repairs and added improvements for better caring for the work of converting saw logs into lumber. The walls for the hot pond have also been placed, so that it will not be necessary to blast out the ice later when ready to commence sawing.

## NEW LAW AFFECTS POSTED PERSONS

In Stevens Point last week a posted man was prosecuted and fined under the law which recently was passed forbidding such person from entering any saloon in the state during the period he remained on what is more commonly spoken of as the "black list". Until this law was passed "posting" only covered in the city, town or village in which such person resided but the new law is broad in its scope.

Section 2 of Chapter 228 laws of 1915, provides that—

Any person to whom the sale of any such intoxicating liquors has been forbidden in the manner provided by law who shall enter any saloon, shop or place of any nature or character whatsoever for the sale of such intoxicating liquors shall be deemed guilty of a misdemeanor and upon conviction thereof shall be punished by a fine of not less than ten dollars nor more than fifty dollars or by imprisonment in the county jail not less than ten days nor more than sixty days, or by both such fine and imprisonment.

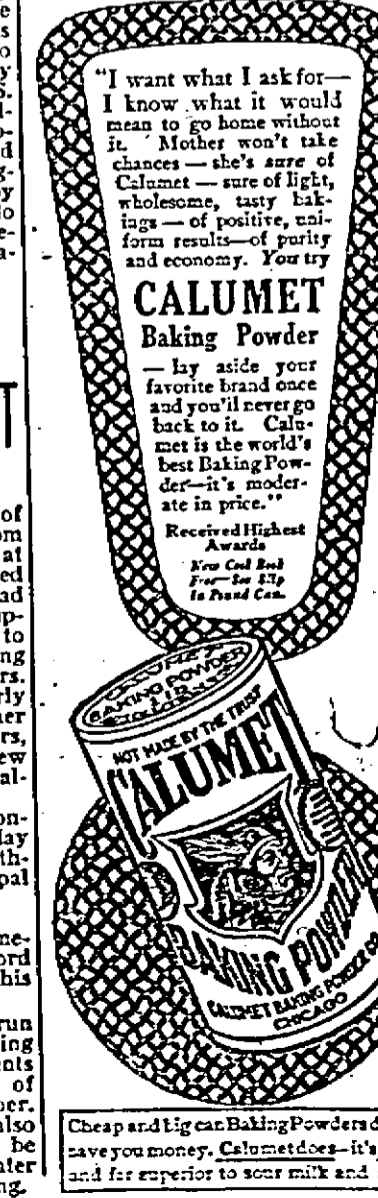

A new set of shock absorbers for automobile, for sale cheap. Inquire at this office.

## FINE ROAD WORK NEARLY FINISHED

Contractor Jossart informs us that the road work which he is doing for the state between Minocqua and Woodruff is being rushed to the limit and that if the weather continues good as it has been for the last few days he expects to finish the road in a week or ten days. At present he is laying between three and four hundred feet a day. Considering the disadvantages Mr. Jossart had to contend with, we believe he will be doing remarkably well to finish his contract at that time as he has not only had a great deal of bad weather but he has also had to overcome the ill will and influences of a few who are never satisfied with anything that is being done for the good of Minocqua unless they are able to see where they will receive some personal benefit. —Minocqua Times.

**RURAL CARRIER EXAMINATION**

The United States Civil Service Commission has announced an examination for the County of Oneida Wisconsin, to be held at Rhineland, on November 27, 1915, to fill the position of rural carrier at Rhineland and vacancies that may later occur on rural routes from other post offices in the above-mentioned county. The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977. This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

## THE NEW NORTH.

The New North Printing Co.  
NOVEMBER 4, 1915.

Entered at the Postoffice at Rhinelander, Wis., as Second Class Mail Matter

We are informed that the mayor has been petitioned to comply with the city ordinance requiring screens removed from the windows of saloons. Go ahead, we believe this is a step in the right direction.

It is certainly amusing for the representatives of lobbyist-Phillip to select for the Wisconsin's most distinguished citizen. It is reported that E. E. Rexford, "author of Silver Thread," has been chosen as Wisconsin's most distinguished citizen. Did you ever hear of him?

A large percent of the saloon keepers are their own worst enemies; they will sell minor liquor, they will sell habitual drunkards liquor, they even sell blacklisted men liquor; they stop at nothing so long as they are able to fill their pockets with cash. These are some of the reasons why respectable people are prejudiced against them.

The annual meeting of the county board is called for 2:30 P. M. at the court house next Tuesday. This date is prescribed by the state law. With one single exception, this meeting has been adjourned to a later date on account of deer season, but we are not certain as to the action of the board at the coming session. This is one of the longest meetings of the year, the time when the budget is made up and the levy is provided for.

In the state election Tuesday, Woman Suffrage made little gain. The vote indicated it will be several years before women will have the ballot in New York, Massachusetts and Pennsylvania. Prohibition lost in Ohio, but by a greatly reduced majority. The Republicans see a victory in the election of republican governors in Massachusetts, New Jersey and Kentucky. The Democrats claim these victories were through local issues. Senator Root of New York is hit hard by the overwhelming defeat of his recommended constitution.

The city council will meet next Tuesday evening to hear the final report of the Audit and Bonding Company on the condition of the city treasury and also show the shortage of any city official during the past many years. By that time the representatives of the Bonding Company will have the books ready to install the new bookkeeping system. This work has been done by representatives of the Audit and Bond Company of America. This concern has done work for the county many years with great satisfaction to the county officers. They are both conscientious and competent. Their work for

the public has been so efficient that several of the large concerns of the city are employing them yearly to do their checking.

A petition was presented to the Mayor a couple of days ago with over four hundred names of voters and about two hundred names of women asking him to require saloons to comply with the law regarding Sunday closing. We are informed that names will be sought for these petitions until a majority of the voters of the city is on these lists. If a large number of these saloons were driven out of business entirely, it would be a blessing to the community. At least a class of law breakers that stops at nothing as long as they can get the coin, should be driven out of business.

**HOW HE BUILT UP STATE FAIR**  
In The Milwaukee Journal, Governor Philipp publishes a personal letter in which he tries to defend himself for what he did to the state fair. The legislature gave him all the legislation he asked for and virtually placed him in charge of this year's exhibit. He succeeded in getting a new board made up of his personal followers.

The result was just the same, only worse and more of it. The showing in many departments was far behind that of the year before, the attendance was lighter and the deficit greater.

In trying to explain why the exhibition of live stock was so poor, the governor says it was because of the trouble over the foot-and-mouth disease.

This will not explain why the little county fair at Fond du Lac had so many and such excellent cattle that the live stock accommodations had to be doubled, and cattlemen declared that the Fond du Lac exhibit was larger and better than the exhibit at the state fair.

Turn in whatever direction we may, in surveying the working of the Philipp administration, the verdict is inevitably that "the governor botched it."

He declared war on the commissions only to get his own followers appointed on the commissions and then he was satisfied.

Wherever he could turn out an official who was serving the people faithfully, he did so, and the amount of injury he did to the state was limited only by the extent of his ability.

"There is a reason" why he seems to prefer to run for the United States senate instead of the governorship. The people know him pretty well as governor, but as United States senator there is a better field in which to make promises and awaken false hopes.

But the people will have something to say to Mr. Philipp whether he is a candidate for the state house or the federal capitol.

His record is being carefully digested. There can be no doubt as to the final result.—Oshkosh Northwestern.

Frank Baker of St. Paul, who has been spending the past week with his brother, James of this city, returned to his home Thursday morning.

## FIFTY YEARS OF MARRIED LIFE

Mr. and Mrs. W. H. Gilligan, 221 South Pelham street, are today observing their fiftieth wedding anniversary surrounded by their children and grand children and relatives from outside the city to the number of about twenty. Their home is beautifully decorated with cut and potted flowers, and on every table is displayed gifts and congratulatory messages sent to the worthy friends here and outside the city. Miss Lois Bischoff, granddaughter of Mr. and Mrs. Gilligan, and the Misses Helen and Dolly Stapleton are serving girls during the "open house" being held for the local friends of the couple this afternoon and evening.

Relatives here from outside the city are, Nelson Shaver and wife; Martin Turner and wife; Geo. Shaver, and Mrs. Edgar Loomis of New Holland, Sheboygan county; Mrs. K. M. Bischoff and daughters, Lois of Ashland and Dolly Bischoff of Minneapolis; Mr. and P. Donovan of Ironwood, Mich.; John McIlroy and son Glen of Hermanville, Mich. Mr. and Mrs. Gilligan are both enjoying good health for people of their age and it is the wish of their friends that they may see many years more of life together.

## RESTORE RATES

In the month of July the Soo line attempted to increase lumber rates thirty-three and one third per cent to the Twin Cities and Duluth. Postponement followed, made by the Interstate Commerce Commission, lumbermen in this city have been advised that October 30, 1915, the old rates become effective.

This is a victory for lumbermen, and those interested can congratulate themselves on the fact that they have been able to convince the railroad that such a move was not warranted or wise.

## PERKINS WINS

In the six round boxing match at Oshkosh Thursday night of last week when Billy Perkins of this city met Frank Hoe in the ring before one of the largest crowds that has witnessed a match there in years, the decision was given to Perkins by a shade. Hoe outweighed Perkins by several pounds but the experience of the latter carried him through. Perkins is wanted in St. Paul on November 16 to meet Billy Michie, and in Fond du Lac for a few days later.

Mr. and Mrs. C. A. Spencer, who have been visiting at the home of their daughter for the past week, leave today for their home in Waukegan.

Miss M. A. Lusby of Duluth, is at the home of Mr. and Mrs. D. Kirk on King street for an extended visit.

### AROUND THE CIRCLE

Hon. B. N. Moran was called to Milwaukee the first of the week on business pertaining to the office of state oil inspection and expects to return the latter part of the week.

Mrs. Wm. Tucker returned from Menasha and Allenville, this week, where at the former place she visited at the home of the Pruchnoskis and at the latter place at the home of the Schmitzs. She was accompanied by the children of her brother, whom she is caring for. Both families were former residents of the town of Pelican.

After a week's absence on account of sickness Miss Myrtle Jewell resumed her school duties in Lassig's district and is now comfortably located at "Hotel Rouser."

H. Wolf and G. Ramsey have vacated the Krantz-Olshoff farm and moved to the Moran place, near J. Lassig's, in town of Pelican where they "did considerable repairing before occupying it."

Bruce Cook is now superintending Dr. Moore's place for a time where he has been for a couple of weeks assisting in the harvesting of their potato crop.

Geo. M. Estes transacted business in the city the latter part of last week in looking up suitable markets for his farm produce.

Mr. Peterson of Sheridan, came up last week to look over his new purchase, the Lewis farm, preparatory to moving his family here in the near future.

B. N. Moran has been making some valuable improvements to his farm buildings this fall to accommodate his increasing stock he is getting

about him. Sidney Wright has been making some very valuable improvements upon his 40, near the Lassig place, by plowing nearly the entire 40 preparatory to the early spring's crops.

Steph Weiss has commenced to move some of his goods on his new farm, the Gus. Kusun place.

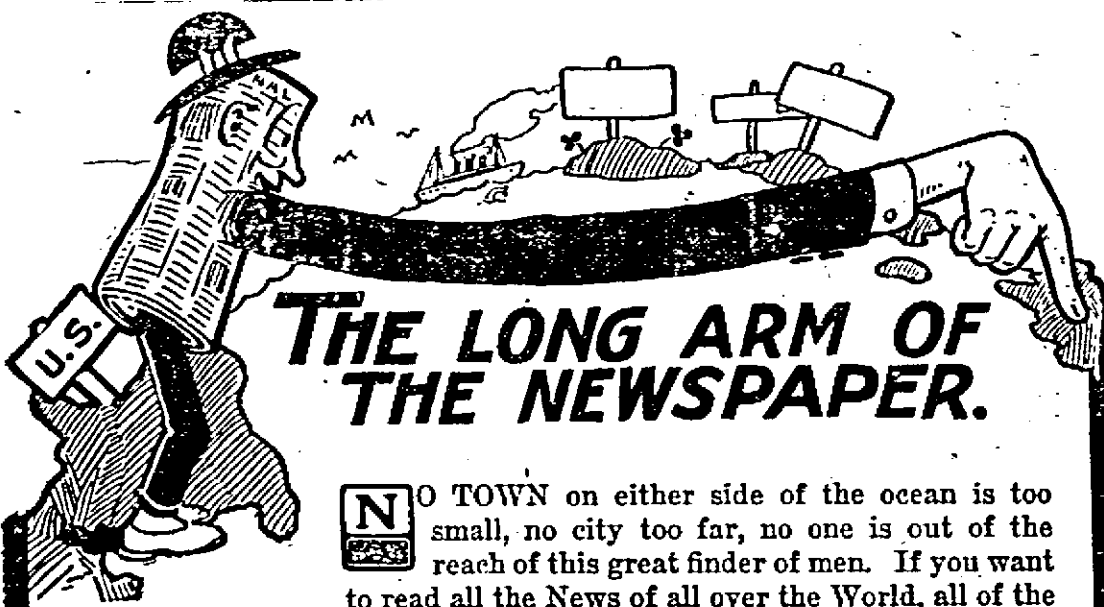

J. H. Lewis of Elm Spring Farm, has commenced the erection of a new barn and chicken house in the elm grove from which the farm takes its name, and will have them ready for occupancy for the coming winter.

Theo. Ledusire took a hike for the "tall timber" the first of the week, where he expects to spend the winter among the lumber jacks and pork and beans.

We hear that Wm. Bramstadt is improving as fast as could be expected after his contact with a Soo railway train a short time ago, which might have resulted much worse.

We are reliably informed that Rex Sanns has embarked in an agricultural line and purchased a farm in the vicinity of Barron. We wish Rex all kinds of success in his venture and hope he will "make good" in making mother earth produce her best crops.

The refrigerator factory may be operated nights the coming winter from the present outlook. Orders are coming in rapidly and it is thought that an extra crew will be necessary to meet the demand. Our refrigerators have taken a front rank with the large jobbing houses and orders come easy from any territory once covered.

Miss Florence Johnson of Minocqua called in town Thursday.

## AT THE BIJOU

For Saturday night's attraction at the Bijou, Manager Blackhurst has secured one of Paul Armstrong's best plays, "Alias Jimmy Valentine" with Robert Warwick appearing in the title role. This is a Liebler feature in five acts, produced by Maurice Tourneur, and is considered one of the strongest feature pictures now being shown.

Robert Warwick, who is "Alias Jimmy Valentine" in the film play, has won fame as a World Film Star in an incredibly short space of time. In "The Dollar Mark" and "The Man of the Hour" he played the leads with surpassing distinction and earnestness. "Alias Jimmy Valentine" makes even greater demands upon his dramatic abilities.

Tuesday night of next week the patrons will have a Shubert feature with Lillian Russell as leading lady, supported by an all star cast. The title of the play is "Wildfire" by George Broadhurst and Geo. V. Hobart, and is given in five acts. The story deals with the race track and through it all is interwoven a very interesting romance. The entire play is one of exciting situations and interest never lags at any time. You will miss a good thing if you fail to see it.

Mr. Moore has the reputation for running one of the best hotels in this part of the country and the traveling public will be much pleased to learn that he is to have charge of the New Beech Inn. Mr. Moore is surely a fine feeder.

## PATRICK BOLGER DIES IN CHICAGO

Prominent Resident Of Minocqua Answers Call After Brief Illness

(CONTRIBUTED BY A MINOCQUA FRIEND)

The people of Oneida and neighboring counties were deeply shocked last Saturday evening to learn of the sudden demise of Patrick Bartholomew Bolger, one of Minocqua's prominent citizens and highly respected residents. Death came while he was stopping for treatment at St. Luke's hospital in Chicago, previous to a contemplated visit to his relatives in St. Louis and St. Joseph. His brother A. Jay was the only relative at his bedside when the final summons came.

Mr. Bolger was a native of Canada having been born at Ponitac, Quebec, March 27, 1861. Here his early days were spent, afterwards going to Quebec, where he engaged in the mercantile business. At the age of 30 he came to Minocqua where he has continued to reside until his recent illness. Before leaving Canada he married Polly the only daughter of the late Patrick Rice of Farrelton, Quebec. Eleven children, blessed their happy union, ten of whom are living. The deceased was an active and sterling Catholic gentleman, his daily life being an edifying profession of his religious belief. He was affiliated with the Catholic order of Foresters, Knights of Columbus and an old member of the Woodmen of the World.

The solemn funeral services were held Wednesday Nov. the 3rd, in St. Patrick's church at Minocqua, and the immense crowd that thronged the edifice, irrespective of creed, gave striking testimony to the universal and high esteem in which he was held. The beautiful requiem services were conducted by the Rev. Edward Bolger of St. Joseph, Mo., assisted by Rev. Francis Bertram as Deacon; Rev. John Owens as Sub-Deacon; Revs. Richard Forristal and Joseph Tammany, both of St. Louis acted as Masters of Ceremonies. Rev. John Van Helden, assisted in the sanctuary. Father Bertram, pastor of St. Patrick's church pronounced the final absolution—and concluded with an address to the vast assemblage on the deceased in which he paid an eloquent and touching tribute to his sterling quality.

Mrs. Flattery of Rhinelander presided at the organ and was ably assisted by members of the local and Rhinelander choir. The funeral procession was by far the largest ever witnessed in Minocqua, friends from far and near having come to accompany the mortal remains to their final resting place.

Besides his immediate family he is survived by four brothers, John, A. Jay, Thomas of Minocqua and Father Edward of St. Joseph, Mo., and two sisters, Gertrude of Minocqua and Sister Mary Lucia of The Visitation Convent, St. Louis, Mo.

Pall bearers were: James C. Molloy of Chicago; James O'Melia, Rhinelander; M. J. Connors, Hurley; Robt. Stamp, Minocqua; J. E. O'Leary, Minocqua; Gus. Nolan, Minocqua; assisted by T. E. Mullen of Grand Rapids, Matt Stapleton of Rhinelander and P. J. Cain of Rhinelander.

## DUTY OF ALL

(Contributed by E. O. Barstow)

We may talk about the advantages of other towns and perhaps we feel like removing elsewhere to enjoy some things that we haven't here at home. But if all people did the same no community would have any attractions to offer. The man who is attracted to other communities is not the man, who makes the attraction; rather he's the fellow who has not gumption enough to help in securing for his own community the things that he is willing to sponge from other communities that have fewer citizens of his calibre.

Going elsewhere for entertainment or for trade is a great deal like burning down one's house to get the insurance. One pays pretty heavily for the privilege of depriving his own community of the very means that it needs to provide facilities similar to those possessed by its rival.

Developing a community is much like cultivating the soil; seed must be sown and the harvest awaited. He would be a foolish farmer indeed who would not risk his seed in the ground lest it fail to produce a harvest. The wise man is he who prepares the soil, selects the seed and cultivates the land to insure a crop.

So the citizen must give to his community in trade labor and interest what is needed to enable it to give him in return the commercial, social, educational and religious advantages that he must have to be happy, contented and prosperous. To the extent that he gets elsewhere what he cannot get at home because he will not properly support his own community, he is not only ungrateful but his is the recipient of charity as well.

Mr. and Mrs. Paul Browne are in Chicago this week.

## WOMAN'S CLUB

The Woman's Club met Tuesday at a regular meeting.

The opera for the day was Les Huguenots by Meyerbeer. A paper was read by Mrs. Lowell, telling the story of the opera and giving a short criticism. A very beautiful and difficult song was sung by Mrs. Williams; a record on the Victor machine and a piano duet illustrated the music.

Mrs. Sizer, State organizer and lecturer of the W. C. T. U. gave a short talk on Temperance. The lady has a pleasing personality and her talk was much enjoyed.

Mrs. Sheton gave the second lesson on parliamentary law, consisting of amendments. The club is enjoying the drills very much and are entering into the practice with enthusiasm.

After the business meeting, light refreshments were served and the ladies visited for a time. Several guests were present.

### CARD OF THANKS

Mrs. Weston and family desire to express thanks for the sympathy and kindness of the many friends during their recent bereavement.

St. Augustine's Guild will hold a rummage sale Friday and Saturday Nov. 12 and 13.

F. H. Piehl of Gagen presented Senator W. T. Stevens with a box of strawberries picked Tuesday from his garden.

Mrs. Thorman and son Earl Ingraham returned Wednesday from a 2 weeks' visit in Grand Rapids, Nekeosa, Port Edwards and Plainfield.

Miss Anna Hehn entertained about 25 girls to a costume party Saturday night. Games appropriate for Halloween were played and were enjoyed by all, especially that of the mock wedding.

## CUPID WINS

Monday afternoon at five-thirty, Miss Minnie Swanson, daughter of Mr. and Mrs. Peter Swanson and Vern Redfield, son of Mr. and Mrs. Thomas Redfield were united in marriage at the Catholic parsonage by Father Beaudette. After the ceremony an elaborate dinner was given at the home of the bride's parents on Messer street. Tables were laid for twelve. The out of town guests were Robert Anderson, Elsie Larson, Dora Hedstrom of Ironwood and Florian Simms of Antigo.

The bride was attired in a blue broadcloth suit with hat to match. The bride and groom left Tuesday morning for Cloquet, Minn., where the groom holds a position as shipping clerk in a retail lumber office. The bride has lived here all her life and was office girl for Dr. Garner. The groom is a Rhinelander boy, a graduate of Rhinelander High School. Both parties to this union are popular in Rhinelander. The New North joins in the many blessings.

## NATURAL COLOR FOR NEWSPAPER

Because the war has made dye  
manufacturing almost a lost indus-  
try in Europe, people in the United  
States may have to accustom them-  
selves to reading the daily program  
of current events on paper of natural  
color as it comes from the pulp press.  
According to paper makers it is  
impossible to buy anymore color  
and in a short time they may be  
forced to make nothing but natural  
labeled paper. Some of the New York  
papers have been printing in natural  
colored paper for some time.

Some of the mills in the state will  
make their first run of this paper  
next week and thereafter, until con-  
ditions are better. Wisconsin read-  
ers can expect to get their digest of  
happenings from paper of a sort of  
brownish tint. The absence of the  
color will lessen the bluish tint.

## He Likes This Smoke

"On duty," the fire-lads put out all kinds of fires. But "off-duty," there is one they always like to start—the glowing coals of NIGGER HAIR Tobacco in the bowls of their favorite pipes. NIGGER HAIR gives them the relaxation they need and keeps them happy and content.

This famous old brand has a wonderful record because it's a wonderfully good tobacco.

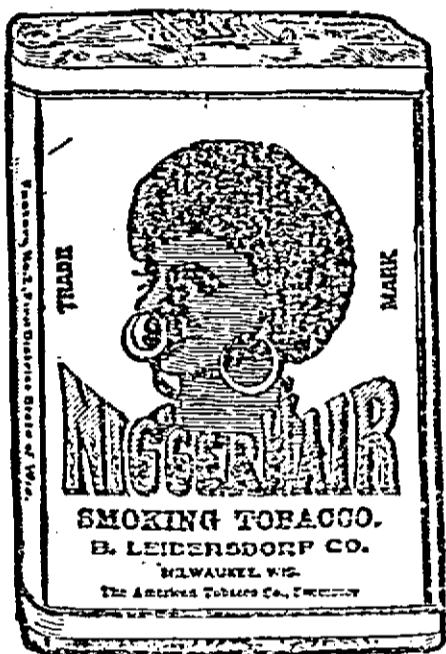

## NIGGER HAIR

### Long Cut Tobacco

is pure Burley leaf, aged and blended to such mellowness and sweetness that you can smoke it all day long, the year round, with healthful enjoyment. It's slow-burning and cool-smoking, because it's cut in long, curly strands. The old-time smokers called this tobacco "NIGGER HAIR" on account of this distinctive cut.

## HIGHWAYS MAY BE PROPERLY MARKED

Matter Likely To Be Brought Before Annual County Board Meeting

At the annual meeting of the county board the new law which empowers county boards to erect road signs by using money of the highway and bridge fund may come up for consideration. The old law provided that this should be done by the town boards, but very little attention was paid to the law and complaints made by motorists and others have been ignored.

There is a movement now on foot to start a state-wide campaign for signs on all highways, so that automobilists and motorcyclists will not be compelled to lose time hunting for information to guide them to their destinations.

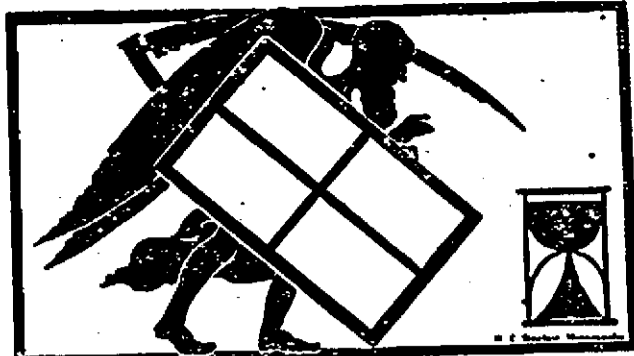

Under the new system all county roads which have been laid with concrete are to become part of the general state highway plan, and the state is to pay one-third of the cost of keeping these roads in first-class condition. The counties through which the roads pass must bear the remaining two-thirds.

Previous to this new regulation persons who complained because there were no road signs at intersections obtained little or no satisfaction because county officials had no legal right to spend any money for this purpose.

The new law giving county boards the power to spend money for guide signs became effective Aug. 10, and considerable agitation in favor of some immediate action is being made.

The law reads: "The county board of any county may cause suitable and appropriate guide boards to be erected on and along a system of prospective state highways in such county. Such guide boards shall be erected in general accordance with the provisions of Section 1227 of the statutes, and the cost of the erection of such guide boards and of their suitable repair may be paid out of the county road and bridge fund, or other fund of the county, as may be determined by such county board."

"Any county board may, by resolution, provide that any section corner or quarter section corner lying within the limits of any highway heretofore or hereafter constructed in whole or in part with county funds may be replaced with a suitable marker with proper reference points, if deemed advisable; and the expense of survey necessary to so replace such markers and their erection and maintenance may be paid out of the county road and bridge fund or any other county fund as may be determined by such county board."

## TO PROMOTE THE STUDY OF BIRD LIFE

The National Association of Audubon Societies has recently sent out announcements for the formation of Junior Audubon classes for bird study. When, at least ten pupils have joined the class, the membership fee being 10 cents, the teacher is to send the collected fees to the National Association of Audubon Societies, and give the name of the Audubon class and her own name and address. The Association will then forward to the teacher for each member an "Audubon button" and a set of ten colored pictures, together with the outline drawings and descriptive leaflets of the following birds: chickadee, crow, tree sparrow, wild pigeon, pintail duck, robin, yellow billed cuckoo, screech owl, herring gull, mourning dove.

There will be sent to the teacher also, free of cost, for one year, the magazine, Bird Lore, which contains suggestions for use in bird study. The teacher is expected to give at least one lesson a month on the subject of birds.

Further particulars may be obtained by addressing T. Gilbert Pierston, Secretary, 1974 Broadway, New York City.

### NEW LODGE PROSPERING

### GIVE THE FARMER DUE CREDIT

The farmer is the backbone of the town—in fact he is the mainstay of the nation. We can not place too much emphasis upon this fact. As the American farmer prospers, so it is with the country in general, and so will it always be. If the farmer has a bad year, then the stores and shops and the business community as a whole suffers. Everybody feels the pinch of a close season. There's one of the reasons why we of the town should work in harmony with the farmer for a better and more prosperous community. As he encourages us with his patronage and his cheerful smile when he comes to us so should we return courtesy for courtesy by giving him the best that is in us, and by fostering a feeling of brotherly love and comradeship. It will not hurt the farmer, it will not harm us, and it will do all of us a world of good.—Pittsville Record.

NOW LOOK OUT  
When a cold hangs on as often happens, or when you have hardly gotten over one cold before you contract another, look out for you are liable to contract some very serious disease. This succession of colds weakens the system and lowers the vitality so that you are much more liable to contract chronic catarrh, pneumonia or consumption. Cure your cold while you can. Chamberlain's Cough Remedy has a great reputation. It is relied upon by thousands of people and never disappoints them. Try it. It only costs a quarter.—Obtainable everywhere.

## HEALTH WORKERS STATE CONVENTION

Meeting Of Anti-Tuberculosis Assn. Will Be Held In Milwaukee, Nov. 18-20

Dr. G. Windesheim of Kenosha and Dr. T. L. Harrington of Milwaukee have been appointed by the Executive Committee of the Wisconsin Anti-Tuberculosis Association to take charge of the general arrangements and program features for the annual state convention of the association. The dates selected for the convention are Thursday, Friday and Saturday, November 18th, 19th and 20th, and the meetings will be held as usual in Milwaukee. The success of last year's convention one of the best in the history of the organization, has determined the Executive Committee to follow the same general plan this year with one exception. The sanatorium and nurses' conferences will not be held at the same hour, many delegates desiring to attend both conferences. It is probable that the sanatorium conference will be on Thursday and the nurses' conference on Saturday, Friday being reserved exclusively for the general sessions of the State Association. An evening dinner at one of the hotels will be one of the convention features.

During the convention the health exhibit prepared by the association and the Extension Division of the University of Wisconsin, will be seen in Milwaukee, following quite an extensive convention tour.

DO YOU HAVE SOUR STOMACH?  
If you are troubled with sour stomach you should eat slowly and masticate your food thoroughly, then take one of Chamberlain's Tablets immediately after supper. Obtainable everywhere.

### MOTHER TELLS HOW VINOL

Made Her Delicate Boy Strong  
New York City.—"My little boy was in a very weak, delicate condition as a result of gastritis and the measles and there seemed no hope of saving his life. The doctor prescribed cod liver oil but he could not take it. I decided to try Vinol—and with splendid results. It seemed to agree with him so that now he is a strong healthy boy."—Mrs. THOMAS FITZGERALD, 1090 Park Ave., N. Y. City.  
We guarantee Vinol, our "delicious cod liver and iron tonic, for run-down conditions, chronic coughs, colds and bronchitis.

### IS IT YOUR KIDNEYS?

Don't Mistake the Cause Of Your Troubles. A Rhinelander Citizen Gives a Valuable Hint

Many people never suspect their kidneys. If suffering from a lame, weak or aching back they think that it is only a muscular weakness; when urinary trouble sets in they think it will soon correct itself. And so it is with all the other symptoms of kidney disorders. That is where danger often lies. You should realize that these troubles often lead to dropsy or Bright's disease. An effective remedy for weak or diseased kidneys is Doan's Kidney Pills. Read the experience of a resident of Rhinelander who has tested Doan's.

Mrs. C. L. Weston, 21 E. Anderson St., Rhinelander, says: "I have found Doan's Kidney Pills to be an excellent medicine for weak kidneys and backache. I value them highly and gladly confirm the endorsement I have previously given them." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Weston had. Foster-Milburn Co., Props., Buffalo, N. Y.

HER SON SUBJECT TO CROUP  
"My son Edwin is subject to croup," writes Mrs. E. O. Irwin, New Kensington, Pa. "I put in many sleepless hours at night before I learned of Chamberlain's Cough Remedy. Mothers need not fear this disease if they keep a bottle of Chamberlain's Cough Remedy in the house and use it as directed. It always gave my boy relief." Obtainable everywhere.

### DEMAND FOR TEACHERS

F. A. Lowell,  
Rhinelander, Wis.

Dear Sir:—  
Do you happen to be among those superintendents who fortunately have a surplus of teachers in your county?

Some counties are short this year and others have more teachers than schools.

We have call for dozens of teachers which we have not on hand and if we could borrow a few who are properly certificated in your state we could supply them with places.

If therefore you know of any worthy teacher who is looking for a school we should be gratified to have you send us the name and address or ask any such to write us at once.

Yours very truly,

J. D. ENGLE,  
The J. D. Engle Teachers' Agency, Suite 414 Tribune Annex, Minneapolis, Minn.

LANDS AND FARMS FOR SALE  
Farm lands and improved farms for sale on easy terms. It is our endeavor to settle, not merely to sell, therefore we aim to show lands as we actually see them and not misrepresent in order to make sales.

"The Barn Will Help Build the House"

but the house will never help build the barn," is a common saying amongst farmers. It's good business when making the first permanent improvements on the farm, to put up first the buildings that help most to make money.

Every dollar put into a good modern barn is returned many-fold to the farmer. Cow comfort and horse comfort mean man profit. Live stock kept well and vigorous pays handsome dividends.

There is no need to argue the case for the modern barn. Most farmers admit the necessity of it. Anything that we can do to help you obtain the right sort of barn for your money, we will gladly do. Let us get together on it.
